

GED Only Technical Requirements

Warning

This document is designed for test centers that will deliver GED exams exclusively. If the test center will deliver exams for other clients, they should follow the guidelines in the **PVTC Technical Requirements**.

About the installation scenarios

This document describes the minimum hardware requirements to install the Pearson VUE Testing System (VTS) software in a Pearson VUE Authorized Test Center certified to deliver the GED program. The VTS software may be installed in one of two configurations: **Workgroup scenario** or **Server scenario**. Whichever scenario is installed, the hardware and software must meet Pearson VUE's minimum requirements as shown in the <u>System requirements</u> on page 6.

Warning

If your site is installing in a **Workgroup scenario** you are limited to no more than 15 exam delivery workstations. If you are installing on more than 15 exam delivery workstations you must use a **Server scenario**, which requires a **Windows server OS**.

The following items are strictly prohibited:

- Mac hardware running any operating system.
- Virtual environments in any form
- Laptops as exam delivery workstations or as Servers

Laptops may only be used for exam delivery machines if the test center delivers GED exams exclusively. If exams for other clients will be delivered, then standard desktop workstations must be installed.

Any Windows user account that interacts with the VTS software on the Server, Administration, Proctor, or exam delivery workstation is **required** to have **local administrator rights** on that workstation. This includes both installing and running the VTS software.

Workgroup scenario installation - desktop

In a Workgroup scenario installation, exam delivery workstations are connected through a local area network (LAN) or workgroup to the Administration workstation which provides shared file storage. This is illustrated below.

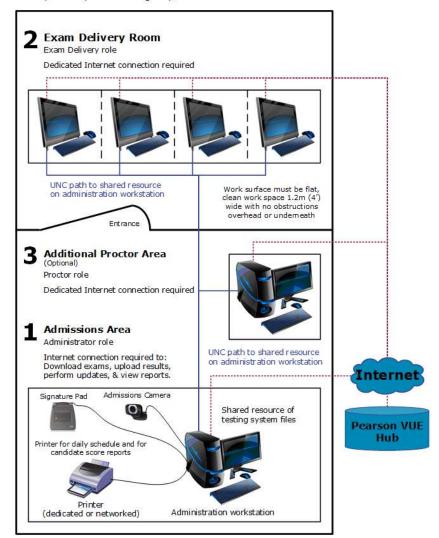

Warning

A Workgroup scenario may only use up to 15 exam delivery workstations. If you will be installing more than 15 workstations, you must use a Server scenario shown on the following page.

Pearson VUE Authorized Center

Workgroup Scenario
Multiple computers workgroup/network

Workgroup scenario installation - laptop

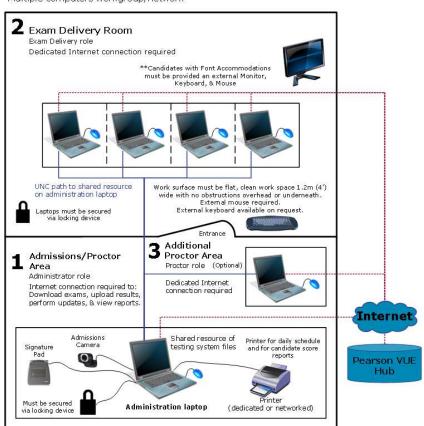

In a Workgroup scenario installation, exam delivery laptops are connected through a local area network (LAN) or workgroup to the Administration laptop which provides shared file storage. This is illustrated below.

Warning

A Workgroup scenario may only use up to 15 exam delivery laptops. If you will be installing more than 15 laptops, you must use a Server scenario shown on the following page.

Pearson VUE Authorized Center – Mobile Laptop Lab Workgroup Scenario Multiple computers workgroup/network

Warning

Laptops may only be used as exam delivery, administration, and proctor machines. **Laptop Servers are strictly prohibited.**

Server scenario Installation - desktop

In a Server scenario installation, all exam delivery workstations are connected through a LAN, and a file server provides shared file storage. This is illustrated below. (Server scenario refers to a setup type and is not related to an Operating System.)

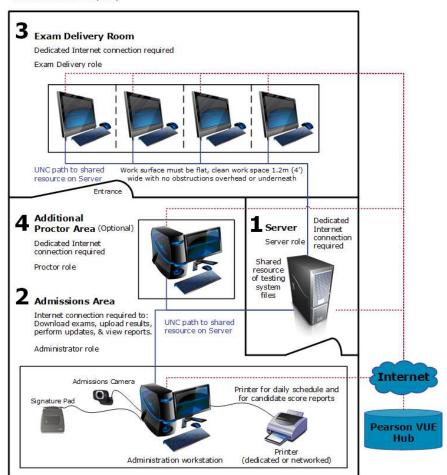

Warning

You must use a **Server scenario** if you have more than **15 exam delivery workstations**. A server operating system, such as Server 2022, 2019 or 2016, is required for more than 15 exam delivery workstations.

Pearson VUE Authorized Center

Server Scenario Multiple computers local area network (LAN)

Server scenario Installation - laptop

Laptops may be used in a Server scenario if you connect to a desktop server. Laptops may only be used as exam delivery, Administration and Proctor machines. Laptop Servers are strictly prohibited.

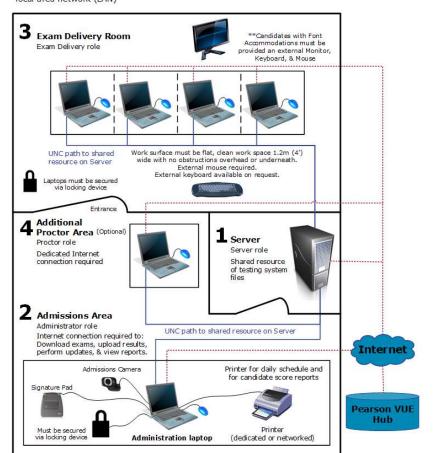

Warning

You must use a **Server scenario** if you have more than **15 exam** delivery laptops. A server operating system, such as Server 2022, 2019 or 2016, is required for more than 15 exam delivery laptops.

Pearson VUE Authorized Center - Laptop Lab

Server Scenario Multiple computers local area network (LAN)

Warning

If laptops are used in a mobile lab scenario, the server may reside in the same room as the administration/ proctor laptops if candidates do not have direct access to the server. If laptops are used in a fixed test center, the server should reside in a separate room.

System requirements

Effective October 1, 2024, the following pages list the minimum system requirements for installing and running the Pearson VUE Testing System, and for operating as a test center. Pearson recommends purchasing equipment that meets or exceeds the Recommended Specifications. The minimum requirements will change periodically based on the needs of our exam sponsors.

Hardware configuration

All-in-one PC's are permitted if they meet the minimum Technical Specification and the Touch screen is disabled. Pearson VUE highly recommends that All-in-one PC's meet the Recommended Technical Specifications.

Software licenses

All test centers must have Windows operating systems that have completed online activation. Application software installed on all exam delivery workstations must also have current licensing. Windows Operating Systems must pass Genuine Windows Validation. Evaluation copies are not supported.

Network configuration

Pearson VUE strongly recommends that all machines with VTS Software installed remain in the same domain or workgroup, VLAN, and subnet. Network configurations that do not follow this guideline may experience decreased exam delivery performance. You may be asked to make changes to your network configuration to comply with these guidelines as part of problem resolution.

The following ports/URLs are also required to be open for the software to function properly:

80, TCP - HTTP 443, TCP - HTTPS

If your test center uses a firewall or web filter, please ensure that the following URL's and IP Ranges are on the allowlist to ensure that you can connect to Pearson VUE.

- Unrestricted access to http://*.pearsonvue.com and https://*.pearsonvue.com
- IP range 13.89.111.144/28 (13.89.111.144 13.89.111.159) / ports 80 and 443
- IP range 52.177.91.16/28 (52.177.91.16 52.177.91.31) / ports 80 and 443

Internet bandwidth

The minimum connection speed (Base Network) requirement of 5.0 Mbps down/ 3.0 Mbps up is required for all test centers. Some exam deliveries will require an internet connection. For Internet Based Tests (IBT), internet requirements depend on the number of delivery workstations. See the table below for details.

NUMBER OF WORKSTATIONS	BASE NETWORK BANDWIDTH + 512 Kbps FOR EACH EXAM DELIVERY WORKSTATION
1 – 15 delivery workstations	5.0 Mbps down/ 3.0 Mbps up base and512 Kbps up/down for each workstation
16 – 50 delivery workstations	10.0 Mbps down/ 5.0 Mbps up base and 512 Kbps up/down for each workstation
51 – 100 delivery workstations	20.0 Mbps down/ 10.0 Mbps up base and 512 Kbps up/down for each workstation
All workstations	For IBT exam deliveries, latency should not exceed 150 ms

Monitors – exam delivery

All test centers are required to use monitors that meet the following criteria.

HARDWARE	REQUIREMENTS
Monitor	 15.6" or larger for laptops – external monitors 24" Must allow for the following display resolution settings and be set to the highest resolution: 1920 x 1080 (set to this resolution) 1280 x 1024 1024 x 768 Monitor must be connected to the computer using DVI, DisplayPort, or HDMI
Desktop graphics adapter	 Exam delivery workstations must have a graphics adapter that supports GPU Scaling (ability to Maintain Aspect Ratio). Exam delivery workstations must have the GPU Scaling feature enabled in the graphics adapter software. The latest version of graphics drivers must be installed.

Pearson VUE specific hardware

Some exams may require test center admissions equipment. Please consult with your Pearson VUE representative to determine if these components are required for your test center. If required, these components may be purchased from Pearson VUE or a third-party source.

REQUIREMENT	ADMINISTRATION WORKSTATION
Web camera	Logitech HD Webcam C615, or
	Logitech Pro C920 Pro HD Webcam, or
	Logitech C920e Business Webcam
Signature device	ePadLink: ePad Signature Pad – Model VP9801 or
	ePadLink: ePad II Signature Pad – Model VP9851

Warning

Pearson VUE strongly recommends purchasing 2 web cameras. If the first camera breaks down, you will not be able to deliver any more exams until a replacement is in place.

External peripherals for laptops

External mouse

Because many candidates are not comfortable using a touchpad mouse, this could negatively affect the results of their exam. Therefore, an **external mouse is required for every exam delivery laptop**.

External keyboard

Some candidates are not comfortable typing on a laptop keyboard, and this could negatively affect the results of their exam. Therefore, **external keyboards must be available to candidates if they request one**.

Note

If a candidate is configured with Font Accommodations, they must automatically be provided with an external keyboard.

External monitor

Candidates configured with <u>Font Accommodations</u> must automatically be provided with an <u>external monitor</u>, <u>keyboard</u>, and <u>mouse</u>.

Server: file storage

The file storage server must be accessible to the Administration workstation, Proctor workstation, and all exam delivery workstations. These requirements apply to Administration workstations with 1 – 15 exam delivery workstations, and to Servers with 15 – 30 exam delivery workstations.

REQUIREMENT REQUIRED SPECIFICATIONS All Servers must be Desktop machines. Required for 1 – 15 exam delivery seats: *Windows 10 Professional or Enterprise (64-bit mandatory) *Windows 11 Professional or Enterprise 10th generation or higher (**64-bit mandatory**) Windows Server 2022 (64-bit) Windows Server 2019 (64-bit) Windows Server 2016 (64-bit) Required for 16 – 30 exam delivery seats: Windows Server 2022 (64-bit) **Operating** Windows Server 2019 (64-bit) System Windows Server 2016 (64-bit) (Windows Server Core is not currently supported) *You must have the latest version of Windows 10 or 11 with all current patches installed. You should run monthly updates for any OS updates. **Windows 10 support ends October 2025. Note: If you are an educational facility, i.e., University, **Windows 10 education** is currently supported.

REQUIREMENT	REQUIRED SPECIFICATIONS
Processor	Required for 1 – 15 exam delivery seats: Intel: i5 Generation 4 or higher i3 Generation 8 or higher AMD: Ryzen 3 Generation 5 or higher Required for 16 – 30 exam delivery seats: Intel: i7 Generation 2 or higher AMD: Ryzen 5 or higher Note: CPU must have a minimum of two cores (dual-core) *Please refer to the Microsoft website to ensure the i3/i5/i7 or Ryzen 3/5 processor is compatible with Windows 11.
RAM	Required for 1 – 15 exam delivery seats: 8 GB of RAM Required for 16 – 30 exam delivery seats: 16 GB of RAM or more
Hard drive	SATA II Interface Standard or faster Interface Standard. 128 GB available disk space.

REQUIREMENT	REQUIRED SPECIFICATIONS
	Required for 1 – 15 exam delivery seats:
	100 Mbps Full Duplex WIRED connection to the network switch.
	Required for 16 – 30 exam delivery seats:
	1 Gbps Full Duplex WIRED connection to the network switch.
Network connection	Pearson VUE strongly recommends that the server be dedicated to the VTS software, to ensure the highest quality experience for candidates during exam delivery.
	Pearson VUE strongly discourages that the server provides additional services such as: domain controller, DHCP, SQL Server, WINS, etc.
	Warning: Wireless Networks are strictly prohibited. 3G/4G/5G connections are prohibited.
Power	UPS is recommended.
Internet connection	See <u>Internet bandwidth</u> requirements above.
Internet browser	Latest version of Edge , Chrome , or Firefox
Additional software	Server must have Anti-Virus software installed with a current update.
	.NET 3.5 framework must be enabled.
Additional notes	The Windows account used to install the VUE Testing System Platform must have full local Administrative rights to install properly.
	Candidates should never have free access to the Server machine at any time.

Administration and proctor – desktop

REQUIREMENT	REQUIRED SPECIFICATIONS
Operating	*Windows 10 Professional or Enterprise (64-bit mandatory)
	**Windows 11 Professional or Enterprise 10 th generation or higher (64-bit mandatory)
	*You must have the latest version of Windows 10 or 11 with all current patches installed. You should run monthly updates for any OS updates.
System	**Windows 10 support ends October 2025.
	Note:
	If you are an educational facility, i.e., University, Windows 10 education is currently supported.
	Minimum required:
	Intel: i5 Generation 4 or higher i3 Generation 8 or higher
	AMD: Ryzen 3 Generation 5 or higher
Processor	Recommended specifications:
	Intel: i7 Generation 2 or higher
	AMD: Ryzen 5 or higher
	**Please refer to the Microsoft website to ensure the i3/i5/i7 or Ryzen 3/5 processor is compatible with Windows 11.
	Minimum required: 8 GB of RAM
RAM	Recommended specification: 16 GB of RAM or more
Hard drive	128 GB free disk space

REQUIREMENT	REQUIRED SPECIFICATIONS
	Video Adapter must support DirectX 12 or later with WDDM 2.0 driver or higher. Latest drivers installed.
Graphics adapter	128 MB of dedicated Video RAM or the ability to increase the dedicated video memory to 128 MB via bios change.
	All computers and monitors must be connected via DVI , DisplayPort , or HDMI .
Display	24" monitor
Mouse &	English QWERTY Keyboard
keyboard	2 Button Wheel Mouse
	Minimum required:
	4 available USB 2.0 ports for:
	English QWERTY Keyboard
	• 2 Button Wheel Mouse
	Signature Pad admissions equipment
	Camera admissions equipment
USB ports	Recommended specifications:
	6 available USB 2.0 ports for:
	English QWERTY Keyboard
	• 2 Button Wheel Mouse
	Signature Pad admissions equipment
	Camera admissions equipment
	2 spare ports

REQUIREMENT	REQUIRED SPECIFICATIONS
	Minimum required:
	100 Mbps Full Duplex WIRED connection to the network switch.
	Recommended specification:
	1 Gbps Full Duplex WIRED connection to the network switch.
Network	Strongly Recommended:
connection	All machines with VTS software installed should remain in the same domain or workgroup, VLAN, and subnet.
	(1) Warning:
	Wireless Networks are strictly prohibited. 3G/4G/5G connections are prohibited.
Internet connection	See <u>Internet bandwidth</u> requirement above.
Internet browser	Latest version of Edge , Chrome , or Firefox
Printer	600 DPI Laser Printer
	.NET 4.0 is installed with the VTS software.
Additional software	If installing on Windows 10 , .NET 3.5 must be enabled on the Administration/Proctor workstation to complete the VTS installation.
	All workstations must have Anti-Virus software installed with a current update.

REQUIREMENT	REQUIRED SPECIFICATIONS
Additional notes	Windows 11 and 10 allows for up to 15 simultaneous exam deliveries.
	Candidates must not have free access to the Administration or Proctor workstations at any time.
	The Windows account used to install the VUE Testing System Platform must have full local Administrative rights to properly install and update the software.

Administration and proctor – laptop

REQUIREMENT	REQUIRED SPECIFICATIONS
Operating System	*Windows 10 Professional or Enterprise (64-bit mandatory) **Windows 11 Professional or Enterprise 10 th generation or higher (64-bit mandatory)
	*You must have the latest version of Windows 10 or 11 with all current patches installed. You should run monthly updates for any OS updates.
	**Windows 10 support ends October 2025. Note:
	If you are an educational facility, i.e., University, Windows 10 education is currently supported.

REQUIREMENT	REQUIRED SPECIFICATIONS
Processor	Minimum required: Intel: i5 Generation 4 or higher i3 Generation 8 or higher AMD: Ryzen 3 Generation 5 or higher Recommended specifications: Intel: i7 Generation 2 or higher AMD: Ryzen 5 or higher **Please refer to the Microsoft website to ensure the i3/i5/i7 or Ryzen 3/5 processor is compatible with Windows 11.
RAM	Minimum required: 8 GB of RAM Recommended specification: 16 GB of RAM or more
Hard drive	128 GB free disk space Solid-State Disk (SDD)
Graphics adapter	Video Adapter must support DirectX 12 or later with WDDM 2.0 driver or higher. Latest drivers installed. 128 MB of dedicated Video RAM or the ability to increase the dedicated video memory to 128 MB via bios change. All computers and monitors must be connected via DisplayPort , or HDMI .
Display	24" external monitor
Mouse & keyboard	 Minimum required: Built in English QWERTY Keyboard Built in Touch Pad Mouse Recommended specifications: External English QWERTY Keyboard External 2 Button Wheel Mouse

REQUIREMENT	REQUIRED SPECIFICATIONS
USB ports	 Minimum required: 2 available USB 2.0 ports for: Signature Pad admissions equipment Camera admissions equipment Recommended specifications: 4 available USB 2.0 ports for: External English QWERTY Keyboard External 2 Button Wheel Mouse Signature Pad admissions equipment Camera admissions equipment
Network connection	Minimum required: 100 Mbps Full Duplex WIRED connection to the network switch. Recommended specification: 1 Gbps Full Duplex WIRED connection to the network switch. Strongly Recommended: All machines with VTS software installed should remain in the same domain or workgroup, VLAN, and subnet. Warning: Wireless Networks are strictly prohibited. 3G/4G/5G connections are prohibited.
Internet connection	See <u>Internet bandwidth</u> requirement above.
Internet browser	Latest version of Edge , Chrome , or Firefox
Printer	600 DPI Laser Printer

REQUIREMENT	REQUIRED SPECIFICATIONS
	.NET 4.0 is installed with the VTS software. If installing on Windows 10, .NET 3.5 must be enabled on
Additional software	the Administration/Proctor workstation to complete the VTS installation.
	All workstations must have Anti-Virus software installed with a current update.
	 The Administration laptop must always be physically secured via Cable Lock or another locking device.
	 The Test Administrator should be the only one that can remove the locking device from the Administration laptop.
Additional notes	 Candidates must not have free access to the Administration or Proctor workstations at any time.
	 Windows 11 and 10 allows for up to 15 simultaneous exam deliveries.
	 The Windows account used to install the VUE Testing System Platform must have full local Administrative rights to properly install and update the software.

Exam delivery – desktop

REQUIREMENT	REQUIRED SPECIFICATIONS	
Operating	*Windows 10 Professional or Ent	terprise (64-bit mandatory)
	**Windows 11 Professional or Enhigher (64-bit mandatory)	nterprise 10 th generation or
	*You must have the latest version all current patches installed. You for any OS updates.	
System	**Windows 10 support ends Oc	tober 2025.
	Note:	
	If you are an educational facili education is currently suppor	ty, i.e., University, Windows 10 rted.
	Minimum required:	
	Intel: i5 Generation 4 or higher i3 Generation 8 or higher	
	AMD: Ryzen 3 Generation 5 or	higher
Processor	Recommended specifications:	
	Intel: i7 Generation 4 or higher	•
	AMD: Ryzen 5 or higher	
	**Please refer to the Microsoft we Ryzen 3/5 processor is compatible	
DAM	Minimum required:	8 GB of RAM
RAM	Recommended specification:	16 GB of RAM or more
Hard drive	128 GB free disk space	

REQUIREMENT	REQUIRED SPECIFICATIONS
	Video Adapter must support DirectX 12 or later with WDDM 2.0 driver or higher. Latest drivers installed.
	128 MB of dedicated Video RAM or the ability to increase the dedicated video memory to 128MB via bios change.
Graphics adapter	All exam delivery workstations must have a Graphics Adapter that supports GPU Scaling (sometimes called Maintaining Aspect Ratio).
	All exam delivery workstations must have the GPU Scaling feature enabled .
	All computers and monitors must be connected via DVI , DisplayPort , or HDMI .
Display	See <u>Monitors – exam delivery</u> requirements above.
Audio	Windows compatible audio playback capability.
Mouse &	English QWERTY Keyboard
keyboard	2 Button Wheel Mouse
	Minimum required:
	2 available USB 2.0 ports for:
	English QWERTY Keyboard
	2 Button Wheel Mouse
USB ports	Recommended specifications:
	4 available USB 2.0 ports for:
	English QWERTY Keyboard
	2 Button Wheel Mouse
	• 2 spare ports

REQUIREMENT	REQUIRED SPECIFICATIONS
	Minimum required:
	100 Mbps Full Duplex WIRED connection to the network switch.
	Recommended specification:
	1 Gbps Full Duplex WIRED connection to the network switch.
Network	Strongly Recommended:
connection	All machines with VTS software installed should remain in the same domain or workgroup, VLAN, and subnet.
	(!) Warning:
	Wireless Networks are strictly prohibited. 3G/4G/5G connections are prohibited.
Internet connection	See <u>Internet bandwidth</u> requirements above.
Internet browser	Latest version of Microsoft Edge, Chrome, or Firefox
Printer	600 DPI Laser Printer
	.NET 4.0 is installed with the VTS software.
Additional software	If installing on Windows 10 , .NET 3.5 must be enabled on exam delivery workstation to complete the VTS installation.
	All workstations must have Anti-Virus software installed with a current update.

REQUIREMENT	REQUIRED SPECIFICATIONS
Additional notes Platform must have Administrative rights to instruction workstation must have full local Administrative to launch the Delivery Manager software. If there is an approved accommodation for Assist Technology (such as JAWS software) the exam devented workstation requires more advanced technical resuch as 16 GBs of RAM. A Pearson representative	The Windows account used to install the VUE Testing System Platform must have Administrative rights to install properly.
	The Windows account profile logged into the exam delivery workstation must have full local Administrative rights to launch the Delivery Manager software.
	If there is an approved accommodation for Assistive Technology (such as JAWS software) the exam delivery workstation requires more advanced technical requirements, such as 16 GBs of RAM . A Pearson representative will confirm with test center staff prior to scheduling this type of Assistive Technology.

Exam delivery – laptop

REQUIREMENT	REQUIRED SPECIFICATIONS
Operating System	*Windows 10 Professional or Enterprise (64-bit mandatory)
	**Windows 11 Professional or Enterprise 10 th generation or higher (64-bit mandatory)
	*You must have the latest version of Windows 10 or 11 with all current patches installed. You should run monthly updates for any OS updates.
	**Windows 10 support ends October 2025.
	Note:
	If you are an educational facility, i.e., University, Windows 10 education is currently supported.

REQUIREMENT	REQUIRED SPECIFICATIONS
	Minimum required:
	Intel: i5 Generation 4 or higher i3 Generation 8 or higher
	AMD: Ryzen 3 Generation 5 or higher
Processor	Recommended specifications:
	Intel: i7 Generation 4 or higher
	AMD: Ryzen 5 or higher
	**Please refer to the Microsoft website to ensure the i3/i5/i7 or Ryzen 3/5 processor is compatible with Windows 11.
DAM	Minimum required: 8 GB of RAM
RAM	Recommended specification: 16 GB of RAM or more
Hand duine	128 GB free disk space
Hard drive	7200 rpm HDD or Solid-State Drives (SDD) preferred.
	Video Adapter must support DirectX 12 or later with WDDM 2.0 driver or higher. Latest drivers installed.
	128 MB of dedicated Video RAM or the ability to increase the dedicated video memory to 128MB via bios change.
Graphics adapter	All computers and monitors must be connected via DisplayPort , or HDMI .
	Widescreen Laptops:
	 Must have a Graphics Adapter that supports GPU Scaling (sometimes called Maintaining Aspect Ratio).
	Must have the GPU Scaling feature enabled.

REQUIREMENT	REQUIRED SPECIFICATIONS
Display	See Monitors - exam delivery requirements above. Note: External 24" monitor or larger for candidates with Font Accommodations. 24" external monitor recommended
Audio	Windows compatible audio playback capability.
Mouse & keyboard	 Minimum required: English QWERTY Keyboard External 2 Button Wheel Mouse Recommended specifications: External English QWERTY Keyboard External 2 Button Wheel Mouse Note: An external keyboard is required for candidates with Font Accommodations. Sites must provide an external keyboard if candidate requests one.
USB ports	 Minimum required: 2 available USB 2.0 ports for: External English QWERTY Keyboard (if requested or required by candidate) External 2 Button Wheel Mouse Recommended specifications: 3 available USB 2.0 ports for: External English QWERTY Keyboard External 2 Button Wheel Mouse 1 spare ports

REQUIREMENT	REQUIRED SPECIFICATIONS
	Minimum required:
	100 Mbps Full Duplex WIRED connection to the network switch.
	Recommended specification:
	1 Gbps Full Duplex WIRED connection to the network switch.
Network	Strongly Recommended:
connection	All machines with VTS software installed should remain in the same domain or workgroup, VLAN, and subnet.
	(!) Warning:
	Wireless Networks are strictly prohibited. 3G/4G/5G connections are prohibited.
Internet connection	See <u>Internet bandwidth</u> requirements above.
Internet browser	Latest version of Microsoft Edge, Chrome, or Firefox
Printer	600 DPI Laser Printer
	.NET 4.0 is installed with the VTS software.
Additional software	• If installing on Windows 10 , .NET 3.5 must be enabled on exam delivery workstation to complete the VTS installation.
	All workstations must have Anti-Virus software installed with a current update.

REQUIREMENT	REQUIRED SPECIFICATIONS
	 Exam delivery laptops MUST NOT be moved or mobile during exam delivery – a locking device may be necessary to prevent laptops from walking away. An external Monitor, Keyboard, and Mouse are required for
	candidates with Font Accommodations.
Additional notes	 The Windows account used to install the VUE Testing System Platform must have Administrative rights to install properly. The Windows account profile logged into the exam delivery workstation must have full local Administrative rights to launch the Delivery Manager software.
	 If there is an approved accommodation for Assistive Technology (such as JAWS software) the exam delivery workstation requires more advanced technical requirements, such as 16 GBs of RAM. A Pearson representative will confirm with test center staff prior to scheduling this type of Assistive Technology.

Prohibited on all workstations and servers

REQUIREMENT	SERVER/ADMINISTRATION/EXAM DELIVERY WORKSTATIONS
Portable computers	Smartphones are strictly prohibited. Tablet devices are strictly prohibited (e.g., iOS, Android, and Windows 8). Netbooks and Chromebooks are strictly prohibited. Warning: Laptops are strictly prohibited as exam delivery workstations
	or as Servers.

REQUIREMENT	SERVER/ADMINISTRATION/EXAM DELIVERY WORKSTATIONS
Processor	Devices running Ultra Mobile Processors are strictly prohibited. This includes, but is not limited to Intel Atom , AMD NEO CPU lines, and ARM CPUs.
RAM	Less than 8 GB on any workstation
Hard drive	FAT32 File System
Operating System	 Evaluation versions of operating systems are not allowed. Windows XP, Vista, and Windows 7/8/8.1 (all versions) are strictly prohibited. Windows Server 2012 and 2008 (all versions). Windows Server Operating System is strictly prohibited on the exam delivery workstations and not supported on Administration workstations. Virtual environments are strictly prohibited (e.g., VMWare, Virtual PC, Citrix, Parallels, VirtualBox, etc.) Mac OSX is strictly prohibited. Mac hardware running any Operating System is strictly prohibited. All Linux/Unix based Operating Systems are strictly prohibited.
Graphics adapter	Any Graphics Adapter that does not support DirectX 12 or later with WDDM 2.0 driver or higher.
Monitor display	Monitors smaller than 24" are strictly prohibited on exam delivery workstations. Dual monitors are strictly prohibited on exam delivery workstations. KVM switches are strictly prohibited on exam delivery workstations. Touch Screen monitors must be disabled on all workstations.

REQUIREMENT	SERVER/ADMINISTRATION/EXAM DELIVERY WORKSTATIONS
USB	Portable computing devices such as, but not limited to, smartphones and tablets are strictly prohibited from being connected to the exam delivery workstation during exam deliveries. USB Hubs are strictly prohibited on exam delivery workstations.
Network	Wireless Networks of any kind are strictly prohibited. IPv6 is not currently supported. Novell Networe is not supported. Network Hubs are strictly prohibited.
Internet connection	SSL VPNs are strictly prohibited. (e.g., Hotspot Shield)
Additional software	Software that can be used to remotely access the delivery workstations during exam delivery is strictly prohibited.
Additional notes	It is strictly prohibited to install the VUE Testing System Platform on any computer that does not have Anti-Virus software installed on it.

Prohibited on laptops

REQUIREMENT	ADMINISTRATION AND EXAM DELIVERY LAPTOPS
Portable computers	Smartphones are strictly prohibited.
	Tablet devices are strictly prohibited (e.g., iOS , Android , and Windows 8).
	Netbooks and Chromebooks are strictly prohibited.
	(!) Warning:
	• Delivery Laptops are strictly prohibited as Servers.
	 Delivery Laptops with a "Tablet" mode are strictly prohibited from delivering exams while in Tablet mode.
Processor	Devices running Ultra Mobile Processors are strictly prohibited. This includes, but is not limited to Intel Atom , AMD NEO CPU lines, and ARM CPUs.
RAM	Less than 8 GB on any workstation
Hard drive	FAT32 File System
	Hard drives that spin at less than 5400 rpms (SSD are exempt)

REQUIREMENT	ADMINISTRATION AND EXAM DELIVERY LAPTOPS
Operating System	• Evaluation versions of operating systems are not allowed.
	 Windows XP, Vista, and Windows 7/8/8.1 (all versions) are strictly prohibited.
	• Windows Server 2012 and 2008 (all versions).
	Windows Server Operating System is strictly prohibited on the exam delivery workstations and not supported on Administration workstations.
	• Virtual environments are strictly prohibited (e.g., VMWare, Virtual PC, Citrix, Parallels, VirtualBox, etc.).
	Mac OSX is strictly prohibited.
	 Mac hardware running any Operating System is strictly prohibited.
	 All Linux/Unix based Operating Systems are strictly prohibited.
Graphics adapter	Any Graphics Adapter that does not support DirectX 12 or later with WDDM 2.0 driver or higher.
Monitor display	External monitors smaller than 24" are strictly prohibited.
	Touch Screen monitors must be disabled on all workstations.
	Exam Delivery Laptops:
	Dual monitors are strictly prohibited.
	Laptops: Any 16:9 aspect ratio display smaller than 15.6".
USB	Portable computing devices such as, but not limited to, smartphones and tablets are strictly prohibited from being connected to the exam delivery laptops during exam deliveries.
	Exam Delivery Laptops:
	USB Hubs are strictly prohibited on exam delivery laptops.

REQUIREMENT	ADMINISTRATION AND EXAM DELIVERY LAPTOPS
Network connection	Wireless Networks of any kind are strictly prohibited.
	IPv6 is not currently supported.
	Novell Netware is not supported.
	Network Hubs are strictly prohibited.
Internet connection	SSL VPNs are strictly prohibited (e.g., Hotspot Shield)
Additional software	Software that can be used to remotely access the exam delivery workstations during exam delivery is strictly prohibited.
Additional notes	It is strictly prohibited to install VUE Testing System Platform on any computer that does not have Anti-Virus software installed on it.
