

Accelerated Pathways & Credly

Leveraging the GED credential to take the next step

Agenda

What is Accelerated Pathways?

- Who is it for?
- What does it offer?
- How is it accessed?
- Who delivers services to the students?

How Accelerated Pathways can work with you

Credly - an overview

Bringing it all together to benefit the learner

Vision

Accelerated Pathways vision is to improve access to lifelong learning opportunities for millions of people by meeting students and working adults where they are.

Options presented through Accelerated Pathways focus on:

- *affordability*
- *learning model flexibility*
- *transfer credit efficiency*
- *stackable credentials*
- *learner support services*
- *and debt avoidance*

Accelerated Pathways serves 2 markets: students and corporations

Students

- Personalized academic advising
- Custom degree programs with credit for prior work/school accomplishments
- Online programs
- Earned admission to colleges of their choice
- Quick route to completion
- Low cost

Corporations

- Management of tuition assistance plans
- **Something for every employee level in an organization – entry level to executive**
- **Affordable, accessible, and efficient degree, certification, and skills mastery pathways that enhance their careers**
- **Recruitment and retention strategies that make a difference to employees and future-proof the business**

Learner Profiles

D2C Traditional

- Targeting US college
- 18-22 yo
- Parent or Guardian Paying
- Online or Campus learner
- Open to options such as Associates degrees, certifications

D2C Adult

- Targeting US college for bachelors or masters
- 30-45
- Majority 0-2 years of college
- Self-pay
- Full-time job & family

B2B2C Adult

Serving Over 60 Corporations

How it works – Pearsonaccelerated.com

1. Students get in touch with Accelerated Pathways through their employer website link or on their own via [Pearsonaccelerated.com](https://pearsonaccelerated.com)
2. They complete a 2 minute survey to generate a call from an advisor about their options
3. Once they have an intake call, they receive an 'Oscar' report, detailing their options (example on next slide)
4. A coach will work with enrolled students throughout their journey to ensure they get support every step of the way

Hello,

Welcome to the Accelerated Pathways Candidate Assessment! Accelerated Pathways is an online program designed to help you customize your college experience and save thousands of dollars in the process. In fact, most of our students end up graduating college in less than 4 years and without student loan debt.¹

By completing this assessment, we'll be able to determine whether Accelerated Pathways can help you too. It only takes about 2 minutes!

Ready to get started?

Student Experience

Learner Journey

Meet with our team - Central Registrar's Office™

Learners are introduced to a counselor at AP's Central Registrar's Office™ who speaks with them about their long-term goals and any other requirements and unique situations, such as prior credits earned, time restrictions, and budget.

Enroll into the Global Digital Classroom™

With their degree plan and target institution selected, students access their personal learning portal, which contains all classes necessary for their degree and have the support of an Academic Success Coach. (Applicable to undergraduate degree programs.)

Graduate

Students complete their remaining credits at their target institution and graduate. For students pursuing a Bachelor's degree, this will typically involve finishing their last 30 credits (or ten classes).

College Options & Degree Plan

The counselor will leverage Pearson's proprietary technology to evaluate college options for the students based upon the initial conversation(s). Options will be presented to the student. Once the students make their selections, the Central Registrar's Office™ will build a customized forward Course Progression Degree Plan™.

[Demo](#)

Coaching & Matriculate

Students apply and matriculate to the college of their choice. Undergraduate degree students will also transfer their college credit including credits earned in the Global Digital Classroom™.

How Accelerated
Pathways can work
with you

GED Testing Service, Adult Ed & Accelerated Pathways

- GED Grads Notification on their dashboard to access a free Accelerated Pathways consultation
 - Email marketing to GED grads about Accelerated pathways/low-cost college options
 - GEDWorks makes referrals to Accelerated Pathways and vice versa, when appropriate
 - Business development team seeks corporations' interest in full spectrum of services – GEDWorks and Accelerated Pathways
 - Unemployed GED and Accelerated Pathways candidates are 'Connected' with employers that may pay for their testing
- Adult Ed programs can promote the **free** Accelerated Pathways consultation
 - Send your students to [PearsonAccelerated.com](https://www.pearsonaccelerated.com) to complete the 2 minute survey
 - An advisor will follow-up with them
 - Contact jane.Bledsoe@pearson.com for more information

The Power of Credentials in Digital Form

Issue digital badges to:

- improve operational efficiency
- gain insights about credential earners
- connect those earners with opportunities
- protect the Issuer's brand
- supercharge market awareness of Issuers' certifications on the world's largest digital credential network

[Additional Details](#)

GED® Credential

Issued by [GED Testing Service](#)

Earners of this credential have passed the GED® test demonstrating the critical-thinking and problem-solving skills that colleges and employers look for in successful candidates. Some graduates may have earned the College Ready or College Ready + Credit distinction in one or all test subjects, indicating readiness for success in a career or college-level program in that subject.

Skills

Earning Criteria

[Additional Details](#)

GED Reasoning through Language Arts Test College Ready + Credit

Issued by [GED Testing Service](#)

The exam is designed to provide students with the opportunity to show their achievement in reading and writing at the college credit level, in the following areas of focus: the ability to read closely and to critically understand a range of increasingly complex texts taken from workplace and literary contexts, with an emphasis on non-fiction, although source materials from literature will also be included. Scale (cut) score of 175 for College Ready + Credit designation.

Time: Months

[Additional Details](#)

Supervision

Issued by [Pearson Accelerated Pathways](#)

The course objective is to enhance your personal and professional learning agenda and welcome the challenges of supervision. In this course, you will learn about the roles and responsibilities of supervisors. The course builds from a foundation of fundamental skills through a pyramid of understanding the expanded scope of responsibilities for first-time, first-line supervisors through the chairman of the board in private, service, or public organizations.

Skills

Supervision

Earning Criteria

- ✓ The methods of assessment include quizzes and examination with a minimum passing score of 70 percent.
- 📺 The methods of instruction include audio visual materials and computer-based training.

Credly's Solutions

Credly

Certification providers create, manage and monitor digital credentialing programs that drive earners to build verified skills and competencies.

Credly Workforce

Employers leverage Credly network data to engage employees and identify learning and career opportunities for talent.

Credly Talent Match

Talent acquisition teams and recruiters find top talent for open roles based on verified skills.

Why digital credentials?
Why now?

Why This Matters Now More than Ever

There's a rapidly growing focus on the need for real-time, trusted data about skills and access to qualified talent at scale

Skills

For jobs that power
the modern
economy

Trust

Real-time trusted
info about talent to
drive human capital
decision-making at
scale

Equity

Social justice
and equity is an
imperative

Six Trends driving the need for verified signals of skills, qualifications or experience

... and thus a tool to showcase professional readiness

1. **Pace of Change:** shortened 'shelf-life' of knowledge and skills, driving the need for continued, verified, learning and skills development
2. **Skills-based** jobs ... and thus skills-based hiring or promotion
3. **Structure of work:** gig economy, contract or project-based employment, contingent workforce models
4. **Demographics:** Opportunity equity is supported with a skills-based 'lens'; Millennial expectation for recognition of ongoing development
5. **Engagement & loyalty:** provide connection and value to attract and retain talent
6. **Verification:** self-reported capabilities not trusted as a valid signal of skills

The value proposition for Issuers of digital credentials (aka badges)

Benefits of Digital Credentials

Add value to credentials

- Improve earner/learner loyalty
- Validate partners
- Gain insight via badge analytics

Increase applicant volume

- Increase revenue
- Increase enrollment
- Increase completion
- Increase recertification

Translate assessments into career success

- Highlight market relevance
- Connect to Labor Market Data, insights and Jobs

Build brand identity

- Reduce credential misrepresentation
- Grow free brand impressions with every share/view/click

Bringing it all
together

Take-aways

- Accelerated Pathways is a way for Adult Ed students to access higher ed at a much lower cost
- The human touch including access to knowledgeable college coaches can help bridge the distance for students coming from Adult Ed post-GED
- Credly is a method to help students, programs, and employers verify students' credentials
 - We are adult ed's partners to increase student and teachers awareness of what is already there
 - What resources do you need? Professional development? Communications?
 - How do you work with regional employers to identify opportunities?
- Synergies between Accelerated Pathways, GED, Adult Ed and Credly can help our learners be the most prepared workforce of the future

Fun Facts about Accelerated Pathways

- More than 25K students have used AP to save an average \$20K on their undergraduate degrees
- Students have access to more than 10,000 degree programs at more than 2,000 institutions for low-cost/no-cost college options
- Thousands of students at more than 70 corporations nationwide have used their tuition assistance programs with help from AP

Fun Facts about Credly

- Credly has issued 55 million badges, and 3.8 million digital credentials for GED students
- [LinkedIn](#) recently released its list of the most in-demand hard and soft-skills of 2020, and Credly's customers issue credentials for every single one.
