

Portrait of a Graduate

The Graduate will be able to:

1. Persevere through a difficult problem
2. Identify critical issues in a situation and formulate solutions to those issues
3. Collaboratively reflect upon and revise a solution to increase efficiency or efficacy
4. Express a desire for continued education, whether formal or informal
5. Effectively participate with others during the problem solving process
6. Competently communicate ideas and solutions to others
7. Maintain high standards of behavior in their academic and personal lives
8. Reenter and contribute positively to their community
