1 What is an Authorized Education Partner?

GED Testing Service’s Authorized Education Partners (AEP) program gives approval and recognition to leading education providers offering quality test prep and support to students taking our GED® Test. It is the platform from which we can develop a mutually beneficial relationship, increasing the global availability of effective and innovative GED® course delivery and first class student support.

WHO IS THIS HANDBOOK FOR?
This guide is for international education providers looking at joining the GED® Authorized Education Partner program.

HOW DO I START PROVIDING GED® TEST PREP?
We don’t directly provide test prep for GED® Test, however as an awarding body, we rely on our global network of third party education providers to help our students prepare for their test. Potential education providers don’t need to obtain permission to run courses from GEDTS before offering test prep. GED® course delivery may differ from center to center and may include the following:

- It can be face to face, online or through traditional distance learning
- It can be full-time or part-time
- It can be over longer or shorter periods of time.

WHAT IF I AM PROVIDING GED® TEST PREP?
If you’re teaching the GED® program, you may be eligible for the Approved Learning Partner program depending on how long you have been teaching. We recognize education providers offering quality prep programs and support to students studying the GED® program.

WHAT IS THE AUTHORIZED EDUCATION PARTNER PROGRAM?
Our Authorized Education Partner program is a quality-assurance program with the goal of recognizing excellent education providers who can prove that they meet our performance targets, representing global best practices in the provision of GED® test prep and support. The Authorized Education Partner program is only for existing and potential GED® test prep providers.

WHO CAN BE APPROVED?
Education providers that only provide textbooks and study materials to students are not eligible to be approved under the Authorized Education Partner Program. The Authorized Education Partner program recognizes centers that provide test prep and study support to students.

WHAT ARE THE BENEFITS OF THE AEP PROGRAM?
As an Authorized Education Partner you can take advantage of the following exclusive benefits that will provide you with a competitive edge over non-approved providers:

Test Takers and other partners can see you as GED Testing Service Quality Assured Education Provider
Students will know you have been assessed against GEDTS’s highly regarded global best practice benchmarks. They have our assurance that your test prep is of International standards and that you have excellent support frameworks in place.

Brand Valuation Enhancement
By becoming an Authorized Education Partner you not only show students and their parents that you are committed to providing high quality test prep and support, but also enhance your own reputation by association with GEDTS.
GED Testing Service will promote your Institution
You will have an entry on our online Authorized Education Partner Directory.

We will further promote your approved status. We strongly recommend test-takers to study with approved institutions/providers, explaining to them the high quality learning experience they can expect from approved providers.

Marketing tools and support
You will receive a certificate and a distinctive logo to use on your advertising.

HOW MUCH WILL IT COST TO BECOME APPROVED
The annual fee is $250.

Once we approve your application, you will be charged for the approval fee. Annual renewal process for approval is usually in the last quarter from the time you had become a partner. All existing Authorized Education Partners are charged for the following year's annual fee during this time.

Payment should be made in USD to ‘GED Testing Service’ and sent directly to the Approval Department in Minnesota. Please do not send payment to GEDTS by email as emails are not encrypted and therefore not regarded as a secure method of sending payment details.

WHAT IS THE CRITERIA FOR APPROVAL?
