2. The next screen you see will look like this. The system will default to show you all Students who are currently enrolled in your program. Go to the 'GED Prep Connect Enrollment Status' search field and use the drop down arrow to select 'Interested'. All Students who have selected your Prep Center and whose status has not yet been updated to 'Enrolled', 'Contacted' or 'Dismissed' will be listed here. As you can see the Student's email address and phone number is listed here so you have the information you need to contact the Student and give them more information about your program (See Figure 2).

<u>NOTE:</u> The 4 statuses defined:

- **Interested**: When a Student selects your program from his GED.com account, his/her default status is Interested.
- Enrolled: You have contacted the Student and determined that he/she will enroll in your program.
- **Contacted**: You have attempted to contact the Student through phone or Email.
- **Dismissed**: You contacted the Student and he/she is not interested in your program. You can choose from several dismissed reasons, including Unable to Contact, Not Interested, No Show, Dropped Out, Transferred or Other.

4. If you and other adult educators at your center have added comments/notes to any Student accounts you will see a note icon (listed to the right of their status) when their name is featured below the blue bar. You can hover over the icon to view the comments that any of you have made (See Figure 4).
